Summer 2009

BE A TNT LEADER!

Coaches & Mentors are an extension of the Team in Training staff and are zealots for Team In Training! Provide support for participants throughout their season to ensure they enjoy one of the best experiences of their lives! If you excel in leadership and motivation, we need you! Contact Kobi for more information and an application to serve our program!

314-878-0780 or kobi.gillespie@lls.org

Help us reach \$1 billion raised in 2010!

Since 1988, Team In Training has trained more than 389,000 participants who have raised over \$950 million for The Leukemia & Lymphoma Society. **YOU** have been an integral part of this amazing accomplishment and you can help us reach \$1 billion raised in 2010!

The funds generated by The Leukemia & Lymphoma Society help blood cancer patients and their families. LLS provides funding for research to find cures and better therapies, and provides information, support and guidance to patients, families, and the healthcare professionals who care for them. Research efforts support outstanding scientists at the forefront of blood cancer research. Breakthroughs are within our reach!

The Gateway Chapter is now serving over 4,000 patients in eastern Missouri, southern Illinois, Arkansas, and the metro Memphis, TN area. These are some new friends we've made this year and we hope to continue meeting patients making them all survivors!

Are you connected?

Catch up with some old friends, see Honored Teammate and event photos, and keep up to date on current events and fundraisers. We are on **facebook**, **twitter**, and **MySpace** in addition to our official website at:

www.teamintraining.org/gat

We've also launched a photo site where you can upload your TNT photos and print your favorites to local retailers:
