

# FUNDRAISING TIPS

---

## Host a Virtual Event!

If you're looking for a fun way to socialize with friends and raise funds at the same time, try hosting a virtual event! The donation terms are up to you – here are some ideas to get you started:

### Movie Night

Pick a crowd favorite to watch together and ask for a donation for the invite, or make a list of potential movies and ask your friends to vote for their favorite with their dollars! Apps like [Netflix Party](#) allow you and your friends to view the movie simultaneously and chat live during the stream. Don't forget the popcorn!

### Game Night

Zoom charades, anyone? You may not be in the same room, but you can still enjoy some friendly competition. Pictionary and trivia are great options, or you can even use a video chat app like [Houseparty](#), which has a variety of built-in games available.

### Coffee Date

If you're missing weekly catch-ups with your friends and the coffee shop atmosphere, make it happen at home! Put on a cozy playlist, have everyone whip up a caffeinated beverage, and enjoy some time together. Ask guests to donate what they would have spent on their drink if they bought it at a café.

### Happy Hour

If coffee isn't your style, get friends, family, or coworkers together to wind down at the end of the week! Recreating your favorite drinks from home can be fun and cost effective. Ask for guests who can contribute to donate the cost of a typical night out.

Or, try one of these other ideas! Make use of your unique skillset or ask a talented friend to host: *Cooking Class, Mixology Class, Music, Magic Show, Business, Dance Party, Group Fitness, Gaming Session*
