

Combining individual generosity with corporate power

Most private companies match gifts made by their employees, thus doubling or even tripling their amount! Remind your donors to ask their employer about their company matching gifts policy. Dates, deadlines, ratios and matching limits vary; in most cases, donors just need to fill out a form to get the process started.

The submission process is straightforward:

1. Donate: Individual makes a donation and asks employer about matching gifts policy
2. Submit: Donor submits match request based on employer's instructions
3. Match: LLS confirms receipt of donation and employer issues matching check

Partial list of matching companies

Below is a list of just some of the top matching companies. If you're looking for a specific donor's employer and don't see it below, just Google "[company name] matching gifts" to get the low-down so you can include specific instructions in your ask!

24 Hour Fitness	Berkeley Systems	eBay	IBM	Nordstrom	Sony
